

Integrated AI Translation Built for Global Pharmacovigilance

Powered by **NavaX™**

ArisGlobal's strategic partnership with TransPerfect brings certified, pharma-grade translation directly into LifeSphere® Safety processing workflows with **NavaX™ Translation**, for faster, more precise, and compliant multilingual case processing at scale.

Accelerate multilingual case processing at scale with NavaX Translation.

Automated Multilingual Case Intake

Intelligent language detection instantly identifies non-English safety forms and routes them for translation with no manual steps required.

Up-to-Date Compliance

High-quality, validated translations support global pharmacovigilance compliance requirements across regional authorities.

Pharma-Grade Translation Quality

Certified translations powered by pharma-specific language models and expert human linguists ensure accuracy, consistency, and regulatory-ready output.

Trusted and Proven

Partner with trusted providers in the pharmaceutical industry through ArisGlobal's strategic partnership with TransPerfect.

Seamless Workflow Integration

Translated forms and data flow directly back into LifeSphere Multivigilance via API, eliminating copying, uploading, or external tools.

Scalable Global Operations

End-to-end automation accelerates processing across all markets, supporting high-volume global safety case intake.

Discover the value of NavaX Translation

Powered by **NavaX™**

Key Benefits

Time Savings

Reduce countless hours of work to zero minutes with streamlined and automated translation management.

Increased Accuracy

Ensure more precise translations that are supported by pharma-specific AI alongside human expertise.

Seamless Integration

With seamless API integration, translated forms and data flow back automatically - no manual effort required.

Enhanced Scalability

Ensure fully compliant pharmacovigilance at scale across ever-increasing case volumes and global markets.

Time Spent Managing Translation

Activity	Without NavaX Translation
Export Content for Translation	30 Mins
Managing Translation Process	1 Hour
In-Country Translation & Review	3 Hours
Import to NavaX	30 Mins

With NavaX Translation

0 Mins
